Product description:

Description:

- HC-S2036 is a 2.4Ghz Wireless Headset is designed for gaming sound and chat with PS4, PS3, XBOX 360, XBOX ONE, PC and Mac.
- Digital wireless technology allows you to operate the headphones at a distance of up to 10 meters line of sight from the transmitter - allowing you freedom to move around without limiting cables while playing games.
- The Headset can be used for up to 15 hours after being fully charged
- The Headphones fit snugly over your ears sealing in sounds so you can play games at reasonable volumes without disturbing those nearby.
- 40mm drivers feature high sensitivity which make each subtle sound detail crystal clear and allow even low volume sounds to be heard during playing games.
- Optimizes digital signal input for superior sound.
- Plug and Play, to fully support USB2.0, compatible USE1.01.1
- Microphone is rotate
